FELICITATION MESSAGES

FROM THE HONOURABLE CHANCELLOR

“ I am pleased to learn that the University of Sargodha is organizing its 7th Convocation where successful graduates of various academic programs, including those who have qualified for doctoral titles, will be awarded degrees and medals. I congratulate all the graduates and wish them success in professional life ahead. It is a moment of great pride not only for the graduates, but also for their parents and teachers, who deserve our appreciation and gratitude.

I have faith in our young graduates to engage in the challenges of professional life and serve the course of a prosperous Pakistan. I would like to take this opportunity to share with our talented youth that the Government of Punjab, together with the Federal Government, will continue to provide an enabling environment for higher education, productive employment and entrepreneurial opportunities for all the accomplished university graduates. Conversely, I would encourage the students, faculty and administration of the University of Sargodha to

step forward and contribute proactively for the betterment of this nation.

The University of Sargodha has earned its name as a major public sector institute in a short span of time through research and innovation. I hope that the graduates of today have made optimal use of the opportunities offered by infrastructure and academic facilities of the University to have their skills-set for coping with challenging careers ahead.

A large number of universities in the Punjab are at their nascent stage and we are trying proactively to improve educational standards and research quality through centres of excellence. In place of ad-hoc arrangements on statutory positions, regular appointments are being made on merit. Efficient energy solutions and wide level forestation are being introduced for promoting the cause of Clean and Green Pakistan.

I am hopeful that the University will move towards academic excellence and will become a role model for other institutes. ”

Chaudhry Mohammad Sarwar

*Chancellor
Governor Punjab*

FROM THE PRO-CHANCELLOR

Raja Yassir Humayun Sarfaraz

*Higher Education Minister
Government of Punjab*

“ It gives me immense pleasure to preside over the 7th Convocation of Sargodha University and award degrees to the successful graduates in various degree programs on behalf of honorable Chancellor, Governor of Punjab. I congratulate all of the graduates for completing their university education with dedication and hard work. I also share the happiness of their teachers and parents on this auspicious occasion.

Providing quality education, compatible with the skills required by international market, is the topmost priority of our government. For the purpose, we have initiated major reforms of the higher education sector in Punjab, including the launch of Associate Degree Program to promote skills-based undergraduate education, an internationally sponsored training program for engineers for overseas employment and a microchip manufacturing technology venture with the help of China.

I understand the crucial role that higher education plays in the development of human resources and contribution to economic progress of a nation. As a nation with a youth bulge, we cannot afford to produce university graduates who lack the

essential skills required by the post-industrial information age. For the sake of quality graduates, we need to enable the teachers to improve the quality of teaching and teaching methodologies. Therefore, our current reforms agenda plays great emphasis on the quality of human resources at par with international standards. By producing skilled workforce, we aim to bridge the academia-industry gap and harness the untapped youth potential for the knowledge economy.

The University of Sargodha has indeed made noticeable progress in a relatively short span of time, for which its management and faculty deserve admiration and applause. I have no doubt that the University will further built upon its global rankings and become a role model for fellow institutions in the country. For the purpose, I shall extend all possible support from the Government of Punjab.

Let me once again congratulate all the graduates of today, their parents and teachers, on this happy occasion. I wish them all the success in future endeavors. ”

FROM THE VICE CHANCELLOR

“ This is my third Convocation as Vice Chancellor, University of Sargodha, and I am so grateful to all the respected dignitaries, especially our worthy Pro-Chancellor and Minister for Higher Education Punjab, for joining us on this auspicious occasion. I congratulate all the graduates of SU Convocation 2019. I share their joy, and the happiness of their parents and teachers.

The graduation ceremony is a dream-come-true moment in the life of any graduating student. In my humble opinion, the purpose of life for our young souls is, and should be, to make a difference as individuals in their respective professions of choice or in any other personal or public roles. So, the degrees that candidates receive today are not mere pieces of paper but certificates to successful careers ahead. In the three years of my tenure at this great university, I have come across amazing talent among young scholars and students. Therefore, I have no doubt that our graduates will compete well in the job market and make their due mark in their respective professional careers at home and abroad.

Our mode of teaching at University of Sargodha is not confined merely to imparting knowledge, but we also teach our students the religiously and culturally rich social values we have learned or inherited from our parents and elders. Throughout the year, our University remains abuzz with scholarly events, co-curricular

activities and sports competitions. Through Sargodha Literary Festivals, we are providing our students with rare opportunities for critical thinking and learning. I honestly believe that such exposure to the students beyond classroom and research labs is the best way to prevent them from becoming a victim of extremist narratives and, instead, be the leaders of a progressive, tolerant and inclusive Pakistan that our Founding Father had envisaged on the eve of Independence.

We remain committed to providing quality education to our young fellows by consistently improving the level of teaching and research, synergising academia with industry and building global partnerships. Our progressive reforms have so far enabled the University of Sargodha to enter the rank of Top 1000 world universities in Times Higher Education University Rankings 2020 and among top 500 Asian universities in QS Asian Universities Ranking 2019. And we have great plans for further consolidating its global academic profile. Together we shall take this university to the next level of professional excellence. Let me once again thank the Honourable Pro-Chancellor and respected dignitaries for sharing our moments of happiness. And congratulations again to our bright graduates, and their proud parents and teachers! ”

Making Sustainable Development Goals possible for common good

We are proud to introduce the University of Sargodha, which started its journey in 1929 with the establishment of De'Montmorency College, later renamed in 1946 as Government College Sargodha; which was awarded the university charter in 2002. Since then, the University has emerged as an emerging institution of advanced studies and research in Pakistan.

With its main and one sub-campus, the University has currently more than 26,000 students and nearly 800 faculty members, including over 300 PhDs, in 24 Departments, two Institutes, five Constituent Colleges and seven Faculties, including Sciences, Agriculture, Engineering and Technology, Medical and Health Sciences, Pharmacy, Arts and Humanities, and Social Sciences.

The University offers modern teaching, research and lodging facilities to its students and scholars, including well-equipped classrooms and research labs, rich library resources with online access to books and journals, as well as a secure and serene environment for sports and co-curricular activities. With an affordable fee structure, it provides a host of scholarships, internships and career development opportunities to the deserving and competitive students. The campus life remains busy with scholarly events during each semester, and students have ample avenues to harness their untapped talent and youthful energy. The University also runs an FM radio station, offering infotainment to the youth.

To ensure quality education, the University has established vibrant institutions, including the Office of Research, Innovation and Commercialization, Quality Enhancement Cell, and Directorate of Academics, as required by the Higher Education Commission of Pakistan. As for contribution to knowledge economy and service to local community, it has achieved a national distinction for linking academia with industry by innovating agrarian products through citrus nursery and managing a variety of community welfare projects.

The University of Sargodha is currently undergoing major institutional reforms to promote a culture of critical enquiry among students and faculty, introduce modern modes of teaching and research, foster academic-industrial linkages as well as national and international collaborations. Quality, productivity, efficiency, transparency and accountability are the core principles of its academic and management affairs. Our strategic goal is to become a national hub of advanced studies and research in Pakistan.

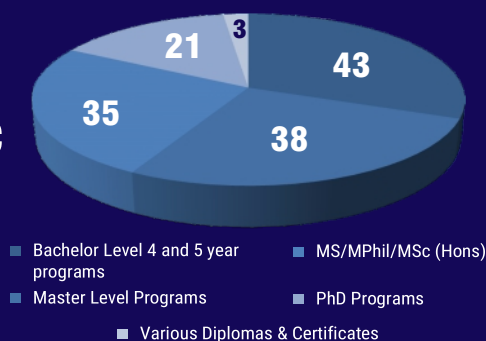

AN AGENDA OF REFORMS

With major reforms at academic, institutional and research levels, SU is ranked 1000+ in Times Higher Education World University Rankings 2020 and also ranked as one of the Top 500 Asian universities. It is setting innovative trends for the higher education sector in Pakistan.

ACADEMIC REFORMS

- **First public sector university** to join China's Belt Road Agriculture Education, Science and Technology Innovation League.
- **Prioritizing synergy between industry and academia** through regular outreach with local farmers, provision of citrus nursery plants across Punjab and liaison with Chamber of Commerce and Industries.
- **Consolidating academics** by merging and renaming overlapping faculties and departments, while non-accredited and non-productive degree programs have been closed down.
- **Over 700 foreign referees from top 500 world universities** have been taken on board for selecting qualified faculty and assessing advanced research.

Academic Programs

RESEARCH PRODUCTIVITY

- **Revamping the Office of Research, Innovation and Commercialization** by providing international travel grants, creating inter-disciplinary research groups, and organizing over two dozen international and national conferences during 2018-2019.
- **Accelerating research productivity** through research incentives based on quality publications and SU-funded research projects worth Rs.60 million, which led to the publication of 745 research papers during 2018-2019.
- **Establishing global linkages** through research collaborations with several reputed international institutions, including three leading agriculture universities of China in precision agriculture, citrus and sugarcane research, and dryland agriculture.

Research Publications since 2010

INSTITUTIONAL DEVELOPMENT

Pursuing development project worth over Rs.1.54 billion funded by the Higher Education Commission. The project covers the infrastructure and allied facilities for Pakistan Institute of China Studies, Multimedia Development Center, a high-tech research lab and several other development initiatives.

Exploring CPEC opportunities through PICS, which offers various opportunities to students and researchers for academic research and exchanges between SU and Chinese universities, especially in agriculture. In Fall 2019, Chinese language classes have been started. The formal launch of Chinese studies program is expected in 2020, with the establishment of the fifth Confucius Institute in the country at SU.

Shaping governmental policies towards quality education by shutting down five Public-Private Partnership sub-campus and curtailing the number of private colleges affiliations from 640 in 2017 to 260 at present.

Enhancing work efficiency through inclusive management style by devolving power to faculty heads and staff officers and further down the line. Better service delivery through user friendly and mobile compatible website for online admissions.

Ensuring quality education through recruiting over 300 qualified faculty members, many with PhDs and global exposure, through regular meetings of the Selection Board and Syndicate.

Generating surplus budget through financial recoveries, and tangible growth in self-generated revenue through judicial, transparent and accountable approach.

Engaging Alumni through SU Alumni Association in outreach and development activities, including contributions to Endowment Fund.

PROUD OF SU

The Sargodha University is proud of its alumni, the Falcons. We look forward to further expanding the community of our graduates playing a leading role in many walks of professional life in the country and across the world. Here are some of our most prominent Falcons:
