MUHAMMAD BALIGH UR REHMAN
Chancellor
Governor Punjab

FROM THE HONOURABLE CHANCELLOR

It gives me immense pleasure to preside over the 10th Convocation of University of Sargodha and award degrees to the successful graduates of various academic programs, including those who have qualified for doctoral titles. I congratulate all the graduates and wish them success in professional life ahead. It is a moment of great pride not only for the graduates, but also for their parents and teachers who deserve appreciation and gratitude. I fervently hope that our young graduates will surmount the challenges of professional life and serve the cause of a prosperous Pakistan. I would like to take this opportunity to share with our talented youth that the Government

will continue to provide an enabling environment of higher education, productive employment and entrepreneurial opportunities for all the accomplished university graduates. I would encourage the students, faculty and administration of the University of Sargodha to step forward and contribute proactively for betterment of the nation.

The University of Sargodha has earned its name as a major public sector institute in a short span of time through research and innovation. I hope that the graduates of today have made optimal use of infrastructure and academic facilities of the University to hone their skill sets for tackling the

challenging career ahead.

A large number of universities in Punjab are at their nascent stage and we are trying proactively to improve educational standards and research quality through centres of excellence. In place of adhoc arrangements on statutory positions, regular appointments are being made on merit. Efforts are being made to raise the academic and research standards of emerging universities with prospective potential. I am hopeful that the University will move towards academic excellence and will become a role model for other institutions.

PROF. DR. QAISAR ABBAS
Vice Chancellor

This is my second Convocation as the Vice Chancellor University of Sargodha, and I am so grateful to the honorable Chancellor/Governor Punjab, Muhammad Baligh Ur Rehman, for gracing this auspicious occasion. Congratulations to each of you on completing your academic journey to reach a significant life milestone-graduation. I congratulate all the graduates and share their joy and the happiness of their parents and teachers.

The Graduation ceremony is a memorable event for all the graduates, who are supposed to make a difference in their respective professions of choice. So, the degrees they receive in this ceremony are not mere pieces of paper but certificates to a successful career ahead. Our mode of teaching at the

FROM THE HONOURABLE VICE CHANCELLOR

University of Sargodha is not confined merely to impart knowledge, but we also create an environment that inspires and supports students in developing innovative solutions to global problems. We have established a state of the art Incubation Center, and renovate our Wazir Agha Library to provide students with a dynamic and innovative educational experience. We also teach our students the religiously and culturally rich social values, we have learned and inherited from our parents and elders.

We are committed to provide quality education to the students by consistently improving the level of teaching and research, synergizing academia with industry and building global partnerships. Our university is ranked at 451-500 in QS Asia Rankings 2024 and at 1001-1200 in the Time Higher Education World Rankings 2023. The Times Higher Education World University rankings ranked our university as second-best university of Punjab province and third-best across Pakistan in teaching. Continued dedication and efforts of our faculty and staff enabled

the university to retain and improve its global rankings. We have great plans for further consolidating its global academic profile.

Throughout the year, our university remains abuzz with hands on experience workshops, scholarly events, job fairs, co-curricular activities and sports competitions. We provide our students with rare opportunities for critical thinking and learning. I honestly believe that such intellectual exposure to the students beyond classrooms and research labs is the best way to prevent them from becoming a victim of extremist narratives and, instead, be the leader of a progressive, tolerant and inclusive Pakistan that our Founding Father had envisaged on the eve of Independence.

Together we shall take this university to the next level of professional excellence. Let me once again thank the honorable Chancellor for sharing our moment of happiness. And Congratulations again to our bright graduates, and their proud parents and teachers.

DEPARTMENTS

We are proud to introduce the University of Sargodha as a major public sector University in the province of Punjab, Pakistan. The University of Sargodha started its journey as O'Brien Islamia High School Shahpur, established in 1916. It was named after the Deputy Commissioner Shahpur, Major A. J. O'Brien, who sanctioned the school. The establishment of the school was laid by B.T. Gibson, the then Deputy Commissioner, Shahpur in 1916. In 1929, it was taken over by the government and was converted into Government College. Later on, in 1932, graduate classes were started in the college. The college was renamed as De Montmorency College Shahpur after the visit of the then Governor of Punjab, Jeffery De Montmorency in 1934. In 1946, the college was moved to Sargodha partially due to the efforts of the business community of Sargodha because Sargodha was comparatively more developed than Shahpur. The college was again renamed in 1963 as Government College Sargodha. It was awarded university charter in 2002 by then Governor of Punjab Lieutenant General (R) Khalid Maqbool.

Since then, the University has emerged as one of the Pakistan's leading seats of advanced studies and research in computing & information technology, business and economics, arts and humanities, natural and social sciences, law, agriculture, pharmacy, medical and health sciences and engineering and technology. With its main campus located in Sargodha city and Agriculture college in its suburb, the University presently has around 21,945 students and 570 faculty members, including 300+ PhDs, in 37 departments, four institutes, one school, and four constituent colleges that come under the eight faculties including faculty of Social Sciences, Sciences, Pharmacy, Medical & Health Sciences, Engineering and Technology, Computing & Information Technology, Arts and Humanities and Agriculture. They are assisted by around 1,700 administrative staff. The University also has 200+ affiliated government and private colleges spread across the province.

Its main campus, located in the heart of Sargodha city, is green and serene. The University prioritizes the promotion of critical learning and scholarship among its students and young faculty. Each semester, it remains abuzz with a variety of scholarly, co-curricular and sports activities, including seminars and conferences, job fairs, business ideas competition, sports gala and literary festival. The University offers modern teaching and research facilities, including well-equipped classrooms, laboratories, and a vast collection of library material with online access to books and journals. Over a dozen hostels accommodate all female students, a limited number of male students and state of the art hostel for the international students as well. With an affordable fee structure, the University provides a host of scholarships, internships and business opportunities to the needy and meritorious students.

To ensure productive research, the University has established vibrant institutions, including the Office of Research, Innovation and Commercialization, and Quality Enhancement Cell, and Waheed Wain Incubation Center, which have helped register several international patents for faculty in sciences and agriculture, besides funding research projects and publications and linking academic research with the local economy. The University runs a Citrus Nursery and produces its own mineral water, KhusAab, for faculty, staff and students. It also has a strong tradition of community service, with its University Medical Complex and Research Centre offering OPD, pharmacy and diagnostic services to university students and staff as well as the people of the city.

The University has an ambitious agenda of quality-centric academic growth in the foreseeable future. It ultimately aims to become a hub of higher education in Pakistan and South Asia

Vision

Our vision is to contribute to society through the pursuit of quality education, creative learning and productive research

Our Values

Our vision is to contribute to society through the pursuit of quality education, creative learning and productive research

Mission

- ◆ To provide students with a healthy learning experience based on critical thinking, innovation and leadership skills
- ◆ To ensure a collaborative work environment for faculty and staff to achieve professional excellence and institutional growth
- ◆ To contribute to knowledge economy and social transformation through advanced studies and research

INTEGRITY

Practising Work Ethics

Fostering uncompromised ethical standards to keep merit intact

INCLUSIVENESS

Practising Work Ethics

Inculcating the culture of acceptance through inclusive teamwork

TRANSPARENCY

Breaking Opacity

Dare to act for Transparency and Accountability

COMPASSION

Exhibiting Empathy

Advocating respect and rights of others

PROFESSIONALISM

Adherence to Professional Standards

Imparting proficient competency and expertise

SOCIAL RESPONSIBILITY

Serving Community

Making Sustainable Development Goals possible for common good

TRANSFORMATIONAL REFORMS

With major reforms at academic, institutional and research levels, the University has been recognized at international level. The University retained its rank at 1001-1200 in Times Higher Education World University Rankings 2023 and ranked at 451-500 in QS Asia University Rankings 2024. The University is determined to make place into the top 500 in the Times Higher Education World University Rankings and the top 100 in the QS Asia University Rankings in the forthcoming years.

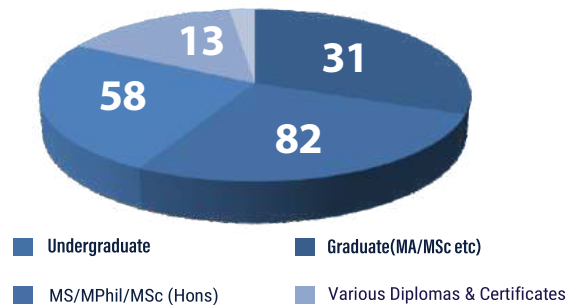

ACADEMIC REFORMS

- The University has prioritized the enhancement of quality education through a rigorous approach of meticulously recruiting qualified senior faculty as professors possessing invaluable global exposure and increasing the number of professors.
- The University adopted the undergraduate and graduate policy set forth by the Higher Education Commission (HEC) of Pakistan to meet the evolving needs of our students and the broader academic community.
- The University has made significant strides in modernizing learning environments to provide students with a dynamic and innovative educational experience. This includes the establishment of an incubation center, smart classrooms, TV training studio for multimedia education, hi-tech central research laboratory, and the renovation of the Wazir Agha Library.

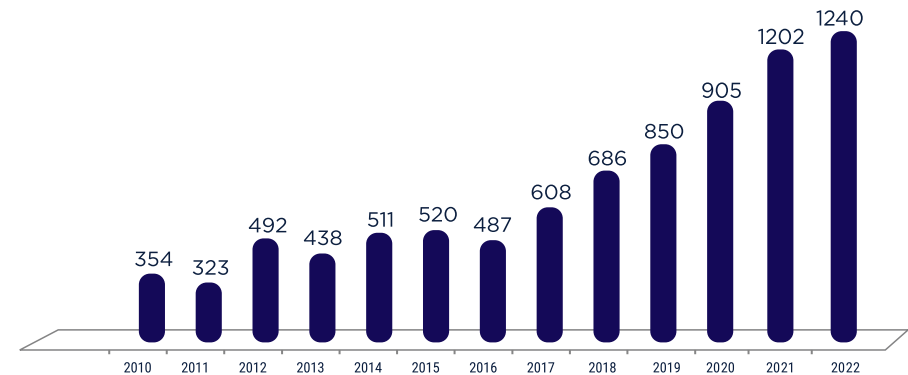

RESEARCH PRODUCTIVITY

- The University has revamped its Office of Research, Innovation, and Commercialization. This included the policy regarding consultancy projects, provision of international travel grants to foster global research collaboration, the formation of interdisciplinary research groups to tackle complex challenges, and grab maximum innovative research projects.
- The University has established global linkages through research collaborations with several reputed integrational institutions, including leading universities of China and other parts of the world.
- The University is committed to prioritize synergy between industry and academia through regular outreach with local farmers and manufactures, industry, and create liaison with chambers of commerce across the province.

Number of Academic Programs

Research Publications since 2010

INSTITUTIONAL TRANSFORMATION

- Ensuring quality education through recruiting qualified faculty members and staff, many with PhDs and global exposure. through regular meetings of the Selection Board and Syndicate.
- Exploring CPEC opportunities through PICS, which offers various avenues to students and researchers for academic research and exchanges between UoS and Chinese universities. With the establishment of the fifth Confucius Institute in the country at University of Sargodha, the Chinese Language programs have been operationalized.
- An important milestone was the regularization of above 500 employees, a move that significantly enhanced job security and motivation among our workforce.
- Keeping in mind an unequivocal and clearly articulated national agenda for skills development, the University is focusing on training as an investment to produce technically equipped students who could better compete in the market. In this regard, a state of the art Incubation Center has been established to transform the higher education sector into industry.

- With an emphasis to link the local industry with international exporters, the University co-hosted the 6th and 7th edition of Pakistan Industrial Expo 2022, 2023 for consecutive years at Lahore Expo Center, where over one hundred and fifty top industrial Chinese manufacturers show-cased their products.
- Infrastructure development took center stage as the University ensured the full functionality of newly constructed academic block at main campus, the College of Engineering and Technology and the College of Law at the Allama Iqbal campus of the University. The University also established smart classrooms and revamped its Library.
- We have taken a significant step in the establishment of a “Center of Excellence for Citrus,” funded by the Sargodha Chamber of Commerce and Industries (SCCI) to foster regional agricultural development and economic growth. In collaboration with SCCI, we have aligned our
- Enhancing work efficiency through inclusive management style by devolving power to faculty heads and staff officers, and further down the line. Better service delivery through one-win- dow Facilitation Centre, user friendly and mobile compatible website for online admissions.
- A notable achievement in the series of reforms is the institution's successful pursuit of tax exemption for the fiscal years 2022-23 and 2023-24. Additionally, the introduction of a Build-Operate-Transfer (BOT) model for developmental projects represents a forward-thinking approach to financial management.
- The University has signed several Memorandum of Understandings (MoUs) with international and national universities and industries to create opportunities for our students and faculty to engage with global academia. The Directorate of External Linkages was also established to encourage international collaborations and to facilitate international students.
