MESSAGE FROM THE VICE CHANCELLOR

Welcome to the University of Sargodha located as a hub of knowledge and research in the city of eagles!

It is a privilege for me to steer this prominent public sector university of Pakistan as its Vice Chancellor. Within since its inception, the University of Sargodha has established its mark in nurturing the youth as a national treasure. Our progress as an institution is the outcome of the diligent contribution of our faculty, staff as well as students. The steady improvement of the University ranking in the global ranking of the universities is a testimony to its progressive outlook.

We strive for sustainable institutional development through the standard parameters of academic excellence, research productivity, knowledge sharing and global outlook. Based on our vision to contribute to the society, we endeavor to offer a wealth of learning opportunities to equip the students with innovative and critical skills to address the complex contemporary challenges.

Our major strength lies in our belief to transform the students through empirical knowledge and experiential learning in order to integrate market-oriented skills in the curriculum ultimately strengthening the academia-industry linkages and creating job-driven competencies among the students.

Our on-campus academic activities, academic exchange agreements, research productivity and alumni job placement rates are promising indicators of the growth of the University in the future as one of the leading higher education institutions of national and international prestige.

I invite you to learn, explore and grow under the guidance of an inspirational faculty at University of Sargodha and contribute towards a constructive change for the country.

PROFESSOR DR. QAISAR ABBAS

WELCOME TO UNIVERSITY OF SARGODHA

We are proud to introduce the University of Sargodha as a major public sector University in the province of Punjab, Pakistan. The University of Sargodha started its journey as O'Brien Islamia High School Shahpur, established in 1916. It was named after the Deputy Commissioner Shahpur, Major A. J. O'Brien, who sanctioned the school. The establishment of the school was laid by B.T. Gibson, the then Deputy Commissioner, Shahpur in 1916. In 1929, it was taken over by the government and was converted into Government College. Later on, in 1932, graduate classes were started in the college. The college was renamed as De Montmorency College Shahpur after the visit of the then Governor of Punjab, Jeffery De Montmorency in 1934. In 1946, the college was moved to Sargodha partially due to the efforts of the business community of Sargodha because Sargodha was comparatively more developed than Shahpur. The college was again renamed in 1963 as Government College Sargodha. It was awarded university charter in 2002 by then Governor of Punjab Lieutenant General (R) Khalid Maqbool.

Since then, the University has emerged as one of the Pakistan's leading seats of advanced studies and research in computing & information technology, business and economics, arts and humanities, natural

and social sciences, law, agriculture, pharmacy, medical and health sciences and engineering and technology. With its main campus located in Sargodha city and Agriculture college in its suburb, the University presently has around 20,000 students and 570 faculty members, including 300+ PhDs, in 26 departments, four institutes, one school, and four constituent colleges that come under the eight faculties including faculty of Social Sciences, Sciences, Pharmacy, Medical & Health Sciences, Engineering and Technology, Computing & Information Technology, Arts and Humanities and Agriculture. They are assisted by around 1,700 administrative staff. The University also has 200+ affiliated government and private colleges spread across the province.

Its main campus, located in the heart of Sargodha city, is green and serene. The University prioritizes the promotion of critical learning and scholarship among its students and young faculty. Each semester, it remains abuzz with a variety of scholarly, co-curricular and sports activities, including seminars and conferences, job fairs, business ideas competition, sports gala and literary festival. The University offers modern teaching and research facilities, including well-equipped classrooms, laboratories, and a vast collection of library material with online access to books and journals. Over a dozen hostels

accommodate all female students, a limited number of male students and state of the art hostel for the international students as well. With an affordable fee structure, the University provides a host of scholarships, internships and business opportunities to the needy and meritorious students.

To ensure productive research, the University has established vibrant institutions, including the Office of Research, Innovation and Commercialization, and Quality Enhancement Cell, and Waheed Wain Incubation Center, which have helped register several international patents for faculty in sciences and agriculture, besides funding research projects and publications and linking academic research with the local economy. The University runs a Citrus Nursery and produces its own mineral water, KhusAab, for faculty, staff and students. It also has a strong tradition of community service, with its University Medical Complex and Research Centre offering OPD, pharmacy and diagnostic services to university students and staff as well as the people of the city.

The University has an ambitious agenda of quality-centric academic growth in the foreseeable future. It ultimately aims to become a hub of higher education in Pakistan and South Asia

VISION

Our vision is to contribute to society through the pursuit of quality education, creative learning and productive research

MISSION

- To provide students with a healthy learning experience based on critical thinking, innovation and leadership skills
- To ensure a collaborative work environment for faculty and staff to achieve professional excellence and institutional growth
- To contribute to knowledge economy and social transformation through advanced studies and research

VALUES

Through a dedicated team of professionals, we nurture a system of values based on ethics and morality to ensure transparency and inculcate social responsibility with an inclusive approach. Our core values, including integrity, transparency, social responsibility, inclusiveness, professionalism, and compassion serve as the guiding principles that steer our actions and decisions. By upholding these values, we not only maintain the highest standards of conduct but also foster an environment that promotes empathy, equity, and ethical leadership, thus nurturing responsible and compassionate individuals who contribute positively to society.

INTEGRITY

PRACTISING WORK ETHICS
Fostering uncompromised ethical standards to keep merit intact

TRANSPARENCY

BREAKING OPACITY
Dare to act for transparency and accountability

SOCIAL RESPONSIBILITY

SERVING COMMUNITY
Making sustainable development goals possible for common good

INCLUSIVENESS

NURTURING PLURALISM
Inculcating the culture of acceptance through inclusive teamwork

PROFESSIONALISM

ADHERENCE TO PROFESSIONAL STANDARDS
Imparting proficient competency and expertise

COMPASSION

EXHIBITING EMPATHY
Advocating respect and rights of others

THE CITY OF EAGLES

Sargodha holds great significance due to its strategic location.

Sargodha means pond of "Godha" or Adobe of the Fighter.

Hence, it is not a mere coincidence that the city has made a name for itself for fighting valiantly against the Indian Air Force during the wars of 1965 and 1971, thereby winning the title of the City of Eagles.

CALIFORNIA OF PAKISTAN

Sargodha region is popularly known as the California of Pakistan because of being a hub of cultivation and production of a delicious variety of citrus called Kinno.

PAF BASE MUSHAF

Sargodha air base hosts the Headquarters of the Central Air Command.

KIRANA HILLS

Kirana Hills, or the black mountains, have sacred roots in ancient Hindu mythology

CAMPUS AT A GLANCE

At UOS we are proud of our accomplishments. Together, faculty, students and staff contribute to create an amazing experience. Here are just a few reasons why UOS is one of the top varsity in the province of Punjab, Pakistan.

- INTER-CITY PICK & DROP
- INTER-DISTRICT PICK & DROP
- EMERGENCY SERVICES

WAZIR AGHA LIBRARY

Our main library, named after a prominent literary figure and alumnus, is known for its long history, magnificent architecture and pleasant environment. It holds a collection of 100,000 books, a number of foreign and local journals, several online full text databases of books and periodicals, computer labs, discussion rooms with internet connectivity and a valuable collection of 25,000 digital resources and a MARC based Library Management System.

LINCOLN CORNER

Our Lincoln Corner is one of the largest corners in the jurisdiction of US Consulate General Lahore. It promotes experiential and interactive learning through its diverse programming which makes it to the 'Golden Category' of the American Spaces around the world. It is a multi-media resource center, where visitors connect, practice their English language, and learn about America in many different ways. It aims to strengthen people to people connection between US and Pakistan through better understanding of cultural values.

FACILITATION CENTER

Through one window operation, the Facilitation Center serves admission aspirants, enrolled students, visitors and alumni positively and proactively within due course of time. The Center assures better service delivery to improve efficiency and institutional performance. Through a dedicated team of professionals equipped with advanced technological infrastructure and mentorship support, the Center resolves issues pertaining to admissions, academics, examinations and accounts.

ENTREPRENEURIAL EXCELLENCE

The University of Sargodha is fostering an entrepreneurship culture through the establishment of key initiatives such as Waheed Wain Incubation Center, e-Rozgaar Center, Regional Plan-9, and a Multimedia Development Center. These endeavors are catalyzing a vibrant entrepreneurial ecosystem within the university and serve as a nurturing ground for innovative startups and execution of ideas providing mentoring, resources, and workspace for aspiring entrepreneurs. Together, these initiatives are cultivating a dynamic entrepreneurial spirit within the University of Sargodha, inspiring students to turn their ideas into thriving businesses and contribute to the national economic growth.

ALUMNI ASSOCIATION

The University of Sargodha, formerly known as Government College Sargodha (GCS), granted the University charter in 2002, shares rich institutional legacy in producing esteemed alumni in the field of literature, science, humanities, business and journalism. Alumni Association of University of Sargodha is duly formed and registered under the Societies Registration Act, XXI of 1860. The UOS Alumni Association is established to reconnect and reunite the alumni of Sargodha University and the then Government College Sargodha periodically, through formal and informal meet-ups for institutional, intellectual and professional growth of the students, alumni and university. In addition to strengthening the relationship between the university and its graduates, the Alumni Association endeavors to instill in alumni as a sense of belonging and loyalty and encourage cooperation between alumni and the university to better serve the community, former students and an Alumni Fund for donations. UOS Alumni Association makes every effort to provide alumni with opportunities to participate in diverse activities both inside and outside the university.

OUR PROUD ALUMNI

**GENERAL MOEEN
UDDIN HAIDER**

Alumnus of 1957-60. General Moeen uddin Haider was commissioned in Pakistan Army in 1962 in the 26th PMA Long Course. He served as Governor of Sindh from March 1997 to June 1999 and Federal Interior Minister from 1999 to 2002.

WAZIR AGHA

Late Wazir Agha is a prominent literary figure of Pakistan and former graduate and teacher of Government College Sargodha. He has published work on literary criticism, poetry and prose. He was also editor and publisher of the literary magazine, Auraq.

SOHAIL WARAICH

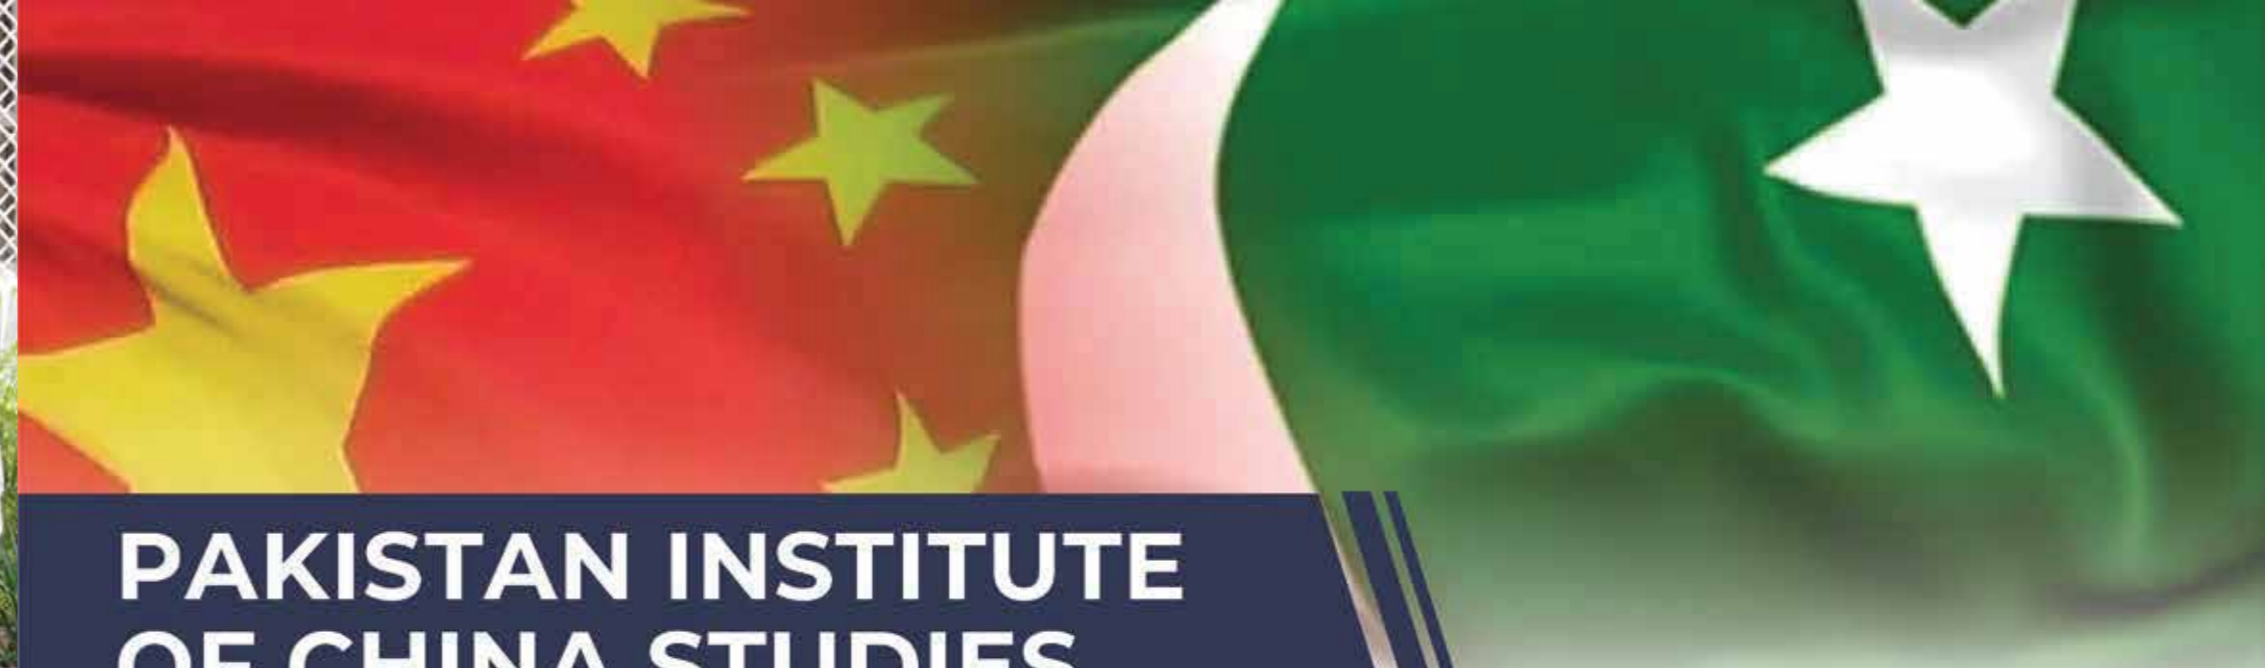

Alumnus of 1976-78. Sohail Warraich is a prominent Pakistani journalist, television host, analyst and media personality. He also enjoys good repute as an English teacher, and is a frequent visitor to the University of Sargodha.

DIRECTORATE OF EXTERNAL LINKAGES

The establishment of the Directorate of External Linkages at the University of Sargodha aims to strengthen and expand the university connections with external stakeholders, including other academic institutions, industry partners, government agencies, and to facilitate international students, fostering a diverse and inclusive academic environment. It also serves as a bridge between the university and the external world, facilitating engagement and cooperation for mutual growth and development. By welcoming students from across the world, the university enhances global perspectives, enriches the learning experience, and promotes intercultural exchange, contributing to a vibrant and cosmopolitan campus community.

Our vision is to create a nexus of collaborations, uniting our university with external partners worldwide to establish UOS an international seat of learning. Through dynamic alliances, we empower research, drive innovation, and catalyze social, academic and industry engagement.

PAKISTAN INSTITUTE OF CHINA STUDIES

Pakistan Institute of China Studies was established in 2018 to introduce and promote Chinese language, culture and civilization, and deepening understanding of Chinese policies and role in the global economy and politics among students. The Institute intends to fulfill the increasing demand for learning the Chinese language in Pakistan, particularly in Sargodha region. It prepares youth by imparting essential skills, aligned with the objectives of Pak-China comprehensive cooperation and construction of China Pakistan Economic Corridor (CPEC).

COMMUNITY SERVICES

Our commitment to community service is vividly demonstrated through the University Medical Care and Research Center. This center plays a pivotal role in providing essential healthcare services to not only our students but also their families and the wider community, all at minimal rates. During the challenging times of the COVID-19 pandemic, our university steered its efforts by establishing a 24/7 telemedicine center, ensuring continuous access to medical advice and support. The University also distributed free masks and sanitizers to help protect our community. To raise awareness and promote public health, the university launched comprehensive campaigns through official social media platforms and radio station, FM 98.2. Our commitment to accessible and affordable healthcare is reflected in our center's offerings, which encompass outpatient services, cutting-edge diagnostic testing, state of the art diagnostic labs, and a model pharmacy. In addition to these efforts, our researchers are introducing innovative products like "KhusAab Water" contributing to the improved health and well-being of our community. The University remains dedicated to the community and continues to seek ways to create a positive impact on its well being.

- OUTDOOR PATIENT SERVICE
- DIAGNOSTIC LABORATORY
- BLOOD DONATION SOCIETY
- MODEL PHARMACY
- COUNSELING CENTER
- KHUSHAAB WATER

FUTURE PLANS

The university is charting a dynamic path towards the future through a range of transformative initiatives. These encompass fostering innovation and technological advancement, supporting local entrepreneurs, boosting agriculture, facilitating trade and economic growth, and nurturing the leaders of tomorrow. Additionally, a strong focus on interdisciplinary research in biotechnology and biochemistry underscores the commitment to academic excellence. International academic pursuits are being championed through the establishment of a new research center, emphasizing collaboration and interdisciplinary approaches. Employee welfare is paramount, with plans for dedicated housing, and the university is actively addressing mental health and providing professional counseling training. These initiatives together define a vision for a progressive future for both the university and the broader community.

- ESTABLISHMENT OF SCIENCE & TECHNOLOGY PARK
- ESTABLISHMENT OF CITRUS PROCESSING UNIT
- ESTABLISHMENT OF TRADE FACILITATING CENTERS
- ESTABLISHMENT OF TRAINING CENTER FOR ENTREPRENEURS
