

# CAREER DEVELOPMENT CENTER

*Empowering Youth  
Through Skills*

**SARGODHA UNIVERSITY**

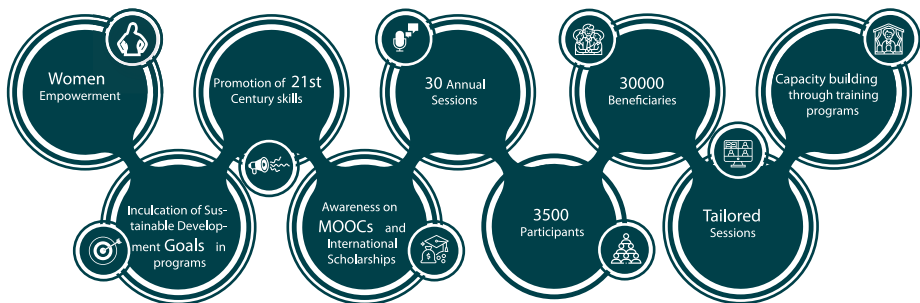

*Pathway to Progress*

## ABOUT US

Career Development Center, revamped in 2019, empowers youth, builds capacity and provides career counselling to the students of Sargodha University through interactive sessions with professionals and workshops. To harness work ethics and equip students with modern and updated skills required for professional competency, the center encourages the active participation of students in the Skill Development Program, On-Campus Internship Program and facilitates students in exploring international avenues through scholarships and exchange programs. Through various skill-building sessions, the center fosters creativity, innovation, critical thinking and decision making in students.

## OUR FORTES

- Exchange Programs

# 3

## Digital Literacy

- Google Suite
- MOOCs
- Microsoft Office
- Digital Platforms

# 4

## Training and Development

- Employability Skills
- Personal/Professional Development
- Soft Skills

# OUR INITIATIVES

Following are the initiatives we have taken to engage students in the experiential learning process:

## SKILL DEVELOPMENT PROGRAM

Focussing on 21st century skills, we arrange the Skill Development Program for the enhancement of the soft skills of the students. The center organizes interactive sessions inviting professional mentors serving at reputable national and international platforms. The program prepares our students to cope up with the challenges of increasing pace and changes in the professional world.

## ON CAMPUS INTERNSHIP PROGRAM

To provide professional training to our students, the university initiated paid 'On Campus Internship Program' in which the learning opportunity along with the professional grooming is provided to the interns under the guideline of supervisors in various departments of the University. The internship program offers work opportunities to meritorious fresh graduates and enrolled students.

## DIGITAL LITERACY PROGRAM

We provide opportunities to the student by inculcating digital literacy skills through digital technologies. Through interactive sessions with experts, students develop proficiency in using software such as Microsoft Office and Google Suite. Through this program, students are globally connected to explore the world of opportunities and excel in their professional life in this digital era.

I did a three month Pakistan US Alumni Network (PUAN) Summer Internship at the Career Development Center. In addition to that, I visited and hosted various sessions at CDC and always found the environment conducive for the personal and professional development of the students.

Global UGRAD Spring '18 Alumna

# ON CAMPUS INTERNSHIP PROGRAM

To improve the employment prospects of graduates, Sargodha University (SU) launched paid On-Campus Internship Program (OCIP) in August 2018. The internship program does not only provide professional exposure but also work on the personal management and communication skills of the graduates and enrolled students. Through OCIP, students get the opportunity to gain experience, defray expenses, and build career readiness competencies.
