

# COLLEGE OF AGRICULTURE

(A CONSTITUENT COLLEGE OF UNIVERSITY OF SARGODHA)

## Research Staff Required

A HEC funded research project titled “*Control of dengue fever epidemic by detecting dengue fever virus and insecticide resistance in local Aedes mosquito population*” is in progress at College of Agriculture, University of Sargodha. Under this project, applications are invited for the following posts to be recruited on contract basis for a period of two years (project duration).

Sr. No.	Name of Post	Qualification	No. of Seats	Pay Package
1.	Research Assistant (Ph.D. student)	M.Sc. (Hons.)/ M.Phil. Entomology or equivalent	01	@ Rs. 16,000/- per month during the 1 <sup>st</sup> Year @ Rs. 40,000/- per month during the 2 <sup>nd</sup> Year
2.	Research Assistant (M.Phil/MS/equivalent student)	B.Sc. (Hons.) Entomology or equivalent	01	@ Rs. 16,000/- per month

**Work Description:** Project involves extensive sampling of mosquito larvae and adult from six tehsils of district Sargodha, mosquito rearing and laboratory bioassays of Aedes mosquito larvae and adults. Project also involves the molecular studies of mosquito resistance and dengue virus detection from mosquito population. Applicants with knowledge and experience of insect rearing, toxicological bioassays, molecular biology, bioinformatics and project handling will be preferred.

The candidate must send soft or/and hard copy of following documents:

1. Two pages resume of candidate
2. Statement of purpose,
3. Three references,
4. CNIC,
5. One recent photograph
6. Attested educational documents

to these email addresses ([asam.riaz@uos.edu.pk](mailto:asam.riaz@uos.edu.pk) and [muhammad.afzal@uos.edu.pk](mailto:muhammad.afzal@uos.edu.pk)) on or before **09.03.2021** or in the office of undersigned. Candidates awaiting results can apply with hope certificates. Interviews of short listed candidates shall be conducted via zoom/skype or in the office of the undersigned **on 11.03.2021 at 10.00 am.**
